

Flinkit

Trivedi Riya

INSTRUCTIONS

How to use this template?

- Click on "File" and then "Make a Copy" of the template to use it.
- Edit each of the slides and table to add your responses.
- Come up with a catchy title for the project and do not simply write "Minor Project 3: Search Engine Optimisation Strategy for FlinkIt".
- Use the primary colours and logo of the assigned brands on the Cover Page and wherever necessary in the project.
- Feel free to use your creativity to make the most use of the given template.
- The maximum Number of Slides that can be used is 20.
- Once you are happy with your responses, click on "Share", download it into a PDF file and submit it on the MyCaptain WebApp.

PROBLEM STATEMENT

Many businesses create websites but they do not get enough visitors from search engines. The website may have poor structure, weak keywords, or low-quality content. Because of this, customers cannot easily find the brand online.

The main problem is:

- Low website visibility on search engines.
- Poor SEO planning.
- Lack of keyword research.
- Weak website content structure.

This project focuses on creating a strong SEO strategy to improve website ranking and online growth.

OBJECTIVES

The main goals of this SEO strategy are:

- Improve website visibility on search engines.
 - Increase organic traffic.
 - Create a proper website structure.
 - Select the right keywords.
 - Understand competitors' strategies.
 - Improve content quality.
 - Make the website user-friendly.
- 
- A solid orange rectangular bar located in the bottom right corner of the slide.

APPROACH

To achieve better SEO results, the following steps are followed:

- Understanding business goals.
- Planning website structure.
- Creating useful content ideas.
- Performing keyword research.
- Studying competitors.
- Applying on-page SEO techniques.

This approach helps in building a strong online presence step by step.

A solid orange rectangular bar is located in the bottom right corner of the slide.

TASK 1 - CREATE A WEBSITE STRUCTURE

A clear website structure helps users and search engines understand the website easily.

Example Structure:

Home Page | About Us | Services | Blog Section | Contact Page

Benefits:

- Easy navigation.
 - Better user experience.
 - Faster indexing by search engines.
- 

TASK 2 - TOPIC IDEAS

Content topics should solve user problems.

Example Blog Topics:

- What is Digital Marketing?
- SEO Beginner Guide.
- Social Media Marketing Tips.
- Career Opportunities in Digital Marketing.
- Website SEO Checklist.

Good topics help attract more visitors.

TASK 3 - PICKING UP THE PAGES

Main pages selected:

- Home Page — Brand introduction.
- About Page — Company information.
- Services Page — Course details.
- Blog Page — Educational articles.
- Contact Page — Inquiry and support.

Each page has a specific purpose.

TASK 4 - CONTENT STRUCTURE

Good content structure improves readability.

Example:

- Heading (H1).
- Subheadings (H2 and H3).
- Short paragraphs.
- Bullet points.
- Images where required

Benefits:

- Easy reading.
 - Better SEO ranking.
 - Improved user engagement.
- 

TASK 5 - COMPETITIVE ANALYSIS

Competitor websites were studied to understand:

- Keyword usage.
- Blog topics.
- Website design.
- Content quality.

Findings:

- Competitors use strong keywords.
- Regular blog posting improves ranking.
- User-friendly websites attract more visitors.

This helps in creating a better strategy.

TASK 6 - KEYWORD RESEARCH

Keywords help search engines understand website content.

Example Keywords:

- Digital Marketing Course.
- SEO Training.
- Online Marketing Skills.
- Career in Digital Marketing.

Tools Used:

- Google Keyword Planner.
- Google Trends.

Goal:

Choose keywords with good search volume and low

TASK 7 - ON-PAGE ELEMENTS

Important SEO elements include:

- Title Tags.
- Meta Description.
- Heading Tags.
- Image Alt Text.
- Internal Links.

Benefits:

- Better search engine ranking.
 - Improved user experience.
 - Faster page understanding by Google.
- 

TASK 8 - EXAMPLE BLOG

Topic Example:

“Beginner’s Guide to Digital Marketing”

Content Includes:

- Introduction.
- Benefits of digital marketing.
- Skills required.
- Career opportunities.
- Conclusion.

The blog uses simple language and proper headings to improve SEO performance.

CONCLUSION AND TAKEAWAYS

SEO strategy helps websites grow organically.

Main Learnings:

- Website structure is very important.
- Keyword research improves visibility.
- Quality content attracts users.
- Competitor analysis gives useful ideas.
- On-page SEO improves ranking.

A proper SEO plan helps build long-term online success.
